INTRODUCTION

It is with pleasure that I present my 1931 list of dahlias; and I wish to thank my many customers for their kind patronage and I shall try my best to merit a continuance of the patronage by sending out only the best of stock.

TRY MY GREEN PLANTS. I have shipped them to the state of Washington, Oregon, in fact far and near with the best results. My plants are all base cuttings well rooted and make plenty of tubers.

One customer from Michigan writes, "when I dug my tubers this fall I could not tell your plant clumps from tuber clumps they did so well".

Many others have written the same in regard to my plants.
